**"GREAT VALUE
EXCELLENT"**
The Washington Post

"While it's no champagne, this delightfully fruity and inexpensive bubbly feels like drinking orange gummies, candied ginger and lemon drops. This is an excellent choice for an everyday celebration or a large party, once we're allowed to have those again."

FOODPAIRING

Pairs well with lighter fare like seafood, salads, or appetizers. Its fruity, citrusy flavors would complement dishes like shrimp cocktail, crab cakes, Caesar salad, or cheese and charcuterie platters.
