

Cave de Sancerre

— Depuis 1963 —

Our cooperative was created in 1963.

Today nearly 75 winegrowers who represent 250 ha of vines are partners of the company. These vines are growing in all the villages and in the most beautiful terroir of the area: stony slopes of the hills which overlook the Loire River (longest river of France).

This vineyard is a real unique palette, rich in potential and diversity where the Sauvignon Blanc and Pinot Noir grape varieties find the best elements to grow.

The wines produced in our perfectly equipped cellars, with the passion and know-how of our winemakers, show the best and the variety of the Sancerre appellation: richness, aromatic intensity, finesse and balance. Leading producer of the AOC, nearly 2 million bottles leave our cellars every year for the happiness of our customers around the world.

COMTE DE LA CHEVALIERE SANCERRE BLANC AOC - 2024

GRAPE VARIETY

100% Sauvignon Blanc

Direct pressing. 3 weeks low temperature fermentation in stainless-steel vats.
