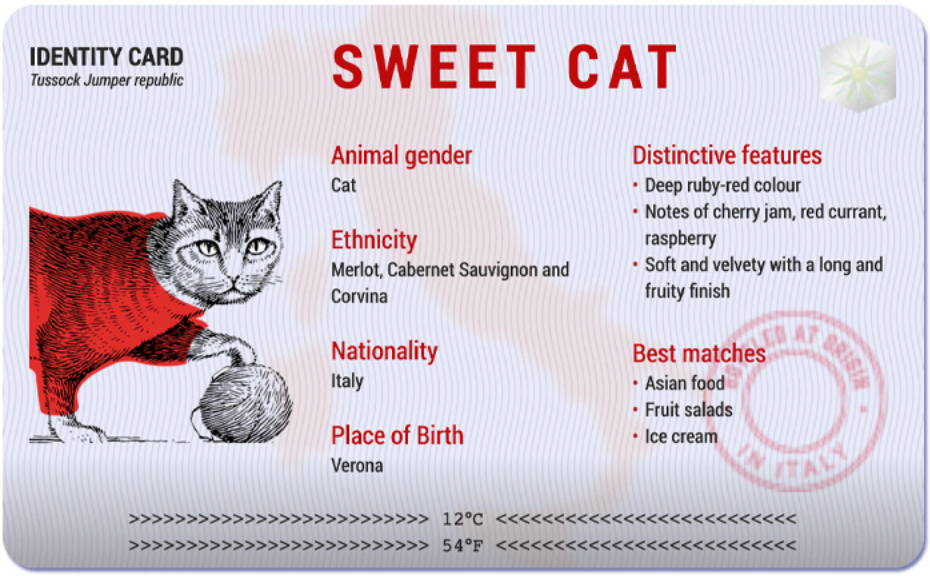
TUSSOCK JUMPER WINES.com



MY ROOTS

My three grapes varieties are vinified in seperate tanks. The maceration process, with skins, lasts for 10 to 12 days, and during the fermentation process pumpovers and punchdowns are performed daily. Maturation takes place in used large and medium barrels for 4 months. Afterwards the wines are subtly blended and prepared for bottling.

APPELLATION

IGT Verona

MY ANALYSIS

Alcohol: 12%
Total Acidity: 3.3g/L
Residual Sugar: 28.0g/L
