

GRAN RESERVA 2010

96^{pts.}
Decanter

“The Gran Reserva 2010 shows a deep red colour with shades of ruby on the rim of the glass. On the nose, at the time of original release, it revealed a delicate balance between ripe red berry aromas and those of spices and smokiness. Over time, this developmental bouquet has grown more complex, showing aromas of leather, tobacco, coffee beans and raisins. On the palate, it is full and round, thanks to its long period in the bottle. Mouthfeel is as firm, elegant and smooth as one should expect from a great Rioja Gran Reserva, with a surprisingly long and fresh finish.”
